

Transition Visionary Award 2008

~ Jan Cribbs ~

Nominated by: Christine Fleming

Presented by: Touch the Future/Transition/SERID Awards Committee

The winner of the 2008 Transition Visionary Award is a masterful storyteller, but she would never tell her own story. She served as the Program Coordinator for Transition and Mental Health Programs for 6 ½ years. During that time, she built a tremendous network, working with local school systems, educators, vocational rehabilitation counselors, unit managers, parent groups, service providers, and other state agencies. In other words, she created the glue that bonds us all together, making TRANSITION a pivotal service in the lives of Georgia's youth.

Once her network was formed, our winner was instrumental in planning training conferences, sharing resources, envisioning ideas and seeing them through, with the creation of many collaborative agreements and memorandums of understanding. No, she wouldn't think of telling her own story, which is one of the reasons it is such a pleasure to present Jan Cribbs with the 2008 Transition Visionary Award.
